Team 1

Overview

“Travel is the main thing you purchase that makes you more extravagant”. We, at ‘Travel World’, swear by this and put stock in satisfying travel dreams that make you perpetually rich constantly. We have been moving excellent encounters for a considerable length of time through our cutting edge planned occasion bundles and other fundamental travel administrations. We rouse our clients to carry on with a rich life, brimming with extraordinary travel encounters.

Obejctive

Provide a high standard of services suitable for individuals seeking relaxing, comfortable and memorable experiences in the hospitality and tourism industry.

1. Provide the tourist market with the quality personal required by the tourism industry.
2. Produce expeditions and memories that would satisfy each and every single of the customers.
3. Evaluate current cultural, economic, and social issues affecting the tourism and travel industry.
4. Participate in both local and regional community service by providing general lectures, consultation, and training programs.

System User

1. Management
2. Staffs

Management Feature

A travel management system helps travel managers book, track, and analyze business travel. Typically, a travel management system refers to a platform that offers travel inventory, travel policies, and reporting, but this can also refer to the overall process of managing corporate travel.

Software Requirements

1. IDE/Text Editor:

- * Visual Studio Code
- * Sublime Text
